**F2**                    **F**                    **F2**            **F**  
Oh lord most high we come before You now

Draw back the veil that we might see Your face  
**F2**                    **F**                    **Bb**  
And gaze with love into Your eyes  
**C7**    **Dm**  
And in the wonder of beholding You

Our song of worship will arise
