

LIFT MY HANDS

(Chuck Girard)

A
There's a river I know and the river flows
D
From the bottom of my heart
A
There was a woman at a well
Who's story I could tell you
D
And she found out
Bm **A/C#**
With a love so big, a God so good
D **A**
What's to be sad about,
Bm **A/C#**
The joy comes in and the peace comes down,
Esus **E** **Esus** **E**
Then the praise comes out

A **D E**
I gotta lift my hands,
A **D E**
I gotta lift my heart
A **D** **E**
I gotta lift my voice to sing, to praise my King
D/A **A** **E**
I gotta lift my hands

A
When the goin' gets tough and I'm feelin' down
D
And the river don't seem to flow
A
I take it by faith, it's gonna be ok,
D
Because I know that I know that I know
Bm **A/C#**
If the Lord who died is on my side
D **A**
Who can be against me
Bm **A/C#** **Esus** **E** **Esus** **E**
Just like Him I will rise again as He lifts me free

(chorus, verse, chorus)
